Project/ Study Title: Usability Evaluation of Epic Beaker Clinical Pathology Laboratory Information System

Dear Ms. Mathews,

The College of St Scholastica School of Health Sciences Human Subjects Committee of the St. Scholastica Institutional Review Board for the Protection of Human Subjects has reviewed your proposal request and determined that your project qualifies as exempt from full IRB review under federal guidelines 45 CFR Part 46.101 (b) exemption category #4 de-identified data. Your project has been approved and will be filed with the College IRB proposals.

As described, the project complies with all the requirements and policies established by the College of St Scholastica for protection of human subjects in research. Unless renewed, approval lapses one year after approval date.

Should any changes be made in your procedures, or if you should encounter any new risks, you are required to inform the IRB committee. Please inform the SHS IRB committee when this project is completed.

Thank you for your submission and best of luck with your project.

Regards,

Janelle Wapola  
Chair, SHS - IRB College Review Board  
The College of St. Scholastica  
Duluth, MN
