Don't see the course you're looking for? Please refer to the detailed [Coursework Definitions](#) in the Application Guide to find out if your course will meet the TMSAS requirements.

Starting in EY 2024 - courses in a Biochemistry department have been designated as Biochemistry courses in the TMSAS application. While this may cause a deficiency in the Biology section of your PCR, please be aware that the schools will use the entirety of your application to determine whether you've fulfilled the pre-requisites, and may consider your Biochemistry coursework accordingly.
