

USC University of
Southern California

HAVE YOU CONSIDERED A CAREER IN THE THRIVING FIELD OF REGULATORY SCIENCE?

DO YOU WORK IN THE REGULATORY INDUSTRY AND WANT TO EXPAND
YOUR CAREER OPPORTUNITIES?

The USC International Center for Regulatory Science
offers Masters and Certificate programs – as well as single classes

Join us for an information session on Wednesday, March 25, 6:30 – 8 pm
USC Health Science Campus.

(Can be viewed online for those living out of town)

Career Paths

Graduates of the USC School of Pharmacy's Regulatory Science programs are well prepared for leadership roles in the Pharmaceutical/Biotech/Device industry including:

- Regulatory Specialists
- Formulation Engineers
- Quality Experts
- Reimbursement Specialists
- Medical Writers
- Clinical Research Associates and Scientists

Our students are not only scientists...this diverse field needs those with backgrounds including communication, government, accounting, law, business and engineering.

Our Alums are highly sought by large and small companies including Johnson & Johnson, Medtronic, Stryker, FDA, Allergan, Amgen, 3M, Edwards, Pfizer and many more.
